HASBI ALI FIRDAUS

Depok, Indonesia | hasbialifirdaus001@gmail.com

SUMMARY

Technical Lead / Senior Software Engineer with 10+ years of experience designing scalable enterprise applications, leading cross-functional development teams, and delivering backend systems using Java Spring Boot, PHP Laravel, Node.js, Oracle, MySQL, Redis, and React. Experienced in software architecture, API design, database optimization, DevOps practices, and mentoring engineering teams across government, enterprise, and e-commerce projects.

EXPERIENCE

PT Structured Service (Silverlake) – Jakarta, Indonesia

Technical Lead Consultant (September 2026 - present)
Stack : Trello, Azure, Java, Springboot, MySQL, Linux, Redis, Figma, React.Js, Next.js, JPA/Hibernate

- Developed and maintained enterprise applications using Java and Spring Boot.
- Designed and developed user interfaces, from frontend implementation to backend integration.
- Integrated frontend components with backend REST APIs to ensure seamless data exchange and business process execution.
- Implemented business validation, data mapping, and error handling to ensure data consistency and application reliability.
- Troubleshot and resolved backend issues involving database operations, API requests, and application logic.
- Integrated frontend components with backend REST APIs to ensure seamless data exchange and business process execution.

PT PAM JAYA – Jakarta, Indonesia

Technical Lead Consultant (March 2025 - August 2026)
Stack : Trello, Azure, Java, Springboot, CodeIgniter, Oracle, Linux, Redis, Figma, React.Js, Next.js, PHP

- Led **6 developers** across backend and frontend development.
- Reduced Oracle query execution time by **30%** through indexing strategy and SQL optimization.
- Built interactive dashboards for transaction monitoring and reporting.
- Presented technical solutions and project progress to stakeholders and clients.
- Conducted thorough code reviews to identify potential areas for improvement, ultimately enhancing code quality across all projects handled by the team.

PT INFOMEDIA NUSANTARA – Jakarta, Indonesia

Senior Software Engineer (August 2023 - March 2025)
Stack : Java, Spring boot, Trello, React.js, Next.js, PHP, Laravel, MySQL, Redis, Linux, Figma, Jasper

- Designed system architecture for internal applications.
- Improved data quality by performing **data cleansing, transformation, and SQL optimization**.
- Developed robust, scalable, and modular API-centric infrastructures.
- Maintained clear communication with stakeholders to ensure project transparency.
- Improved data processing performance by 45%.
- Conducted thorough code reviews to identify potential areas for improvement, ultimately enhancing code quality across all projects handled by the team.
- Supported applications used by 5,000+ users

PT DANS MULTI PRO – Jakarta, Indonesia

Lead Magento Developer (August 2021 - August 2023)
Stack : Jira, Docker, Java, Spring boot, PHP, Laravel, Magento 2, MySQL, RabbitMQ, Redis, ElasticSearch, AWS S3, Cucumber, Git, CI/CD

- Fixing bug and develop new feature
- Integrated third-party APIs for seamless payment processing, shipping, and inventory management solutions.
- Improved application performance through **SQL tuning and code optimization**.
- Collaborated with cross-functional teams to design, develop, and launch new e-commerce websites using Magento.
- Led a Magento development team consisting of X developers.
- Mentored developers in resolving technical issues and conducting technical discussions.
- Create report for monitoring task of member developer magnto to project manager Managed

multiple projects simultaneously while adhering to strict deadlines and budgets constraints.

PT NADYNE MEDIA TAMA – Jakrta, Indonesia

Senior Developer (April 2015 - August 2021)
Stack : Trello, PHP, Node.js, Magento 2, Express.js, Laravel, Yii, CodeIgniter, MySQL, PostgreSQL, Linux, Git, SVN, Redis, RabbitMQ, ElasticSearch, Photoshop, Docker, WordPress, Drupal, CI/CD, gmaps3

- Optimized database structures for high-demand applications.
- Conducted thorough code reviews to ensure adherence to best practices.
- Built interactive dashboards to process transaction data for predictive accuracy.
- Provided technical guidance to junior developers, fostering a collaborative environment.
- Tested and deployed scalable and highly available software products.
- Design system and database
- Regularly communicated project updates with stakeholders, ensuring transparency of progress

throughout the entire development process.

PT GLORIA ORIGITA COSMETICS – Jakrta, Indonesia
IT Developer (October 2014 - April 2015)
Stack : PHP, CodeIgniter, MySQL, Gammu / Wammu, RabbitMQ, Linux, Git

- Designed internal applications and database structures.
- Developed automation scripts to reduce repetitive manual tasks.
- Enhanced system responsiveness through database queryoptimization.
- Perform data cleansing and transformation, improve SQL Query for data accuracy and improve transaction performance to ensure high data quality before analysis.
- Collaborated with cross-functional teams to develop high-quality software solutions for diverse clients.

EDUCATION

Bina Nusantara University (2014 - 2017)
Bachelor of Information System - GPA 3.12

IPB Vocation School (2011 - 2014)
Diploma of Informatic Management - GPA 3.02

ORGANIZATION

Deputiy of Web Division at MICRO
IPB Vocation School, November 2011 – November 2013
- ensure division members perform their respective duties
- Monitor and make reports related to the tasks of each member to the chairman
- Creating web training and web seminars

SKILLS

Programming Language	Java, Node.js, React.js, PHP, Golang
Framework	Laravel, Spring boot, Express.js, Next.js, Yii, CodeIgniter, Beego
Database	Oracle, MySQL, PostgreSQL, MongoDB, Redis
DevOps	Gitlab CI/CD, Docker, RabbitMQ, Linux, ElasticSearch, Git
Clouds	Azure, AWS S3
CMS	WordPress, Magento 2, Drupal
Project Mangement	Jira, Trello
Other	Ms.Office, CorelDraw, Photoshop

Additional Information

Language : Indonesia, English
Certificate : Stadium general (IKEA Chapter with Mark Magee), Managing Multi Projects and Multicultures, Stadium general (Pontera Chapter with Achyut Kasireddy), Security Data Awareness, Learn The Basics of Data Science
